Total frihed

Stilren minimalisme

Drømmer du om at slippe din indre designer løs og skabe formen på et tæppe, så det passer præcist til dit hjem? Med Epoca Tech kan denne drøm netop gå i opfyldelse.

Skab et helt unikt tæppe ved blot at lave en tegning, der skitserer den form, tæppet skal have. Alt er muligt, der skal blot være ét målfast mål på hvert led af tegningen. Formen kan tilpasses boligens skæve vinkler, gengive formen på et bestemt kunstværk eller barnets yndlingsbamse.

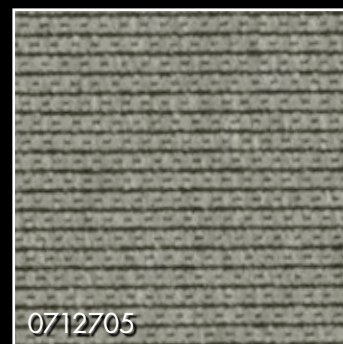

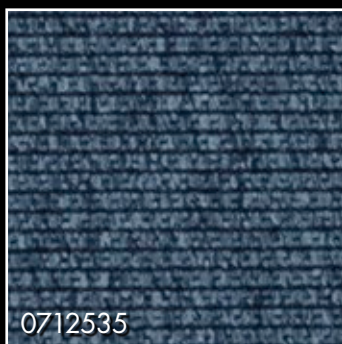

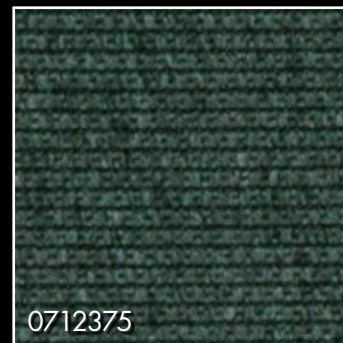

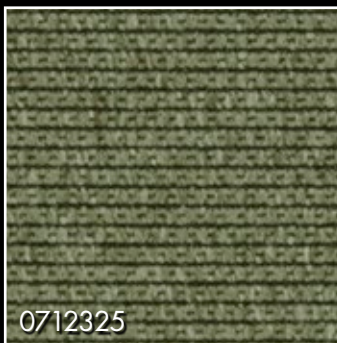

Det er selvfølgelig også muligt at vælge et kvadratisk, rektangulært eller rundt tæppe i den størrelse, der passer dig.

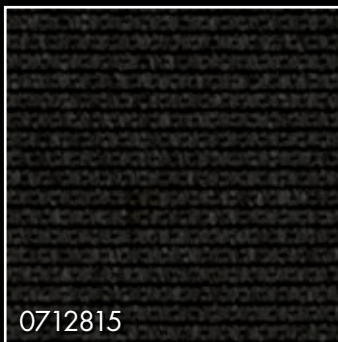

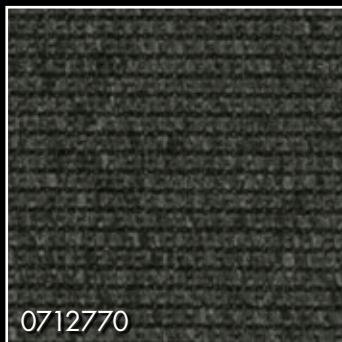

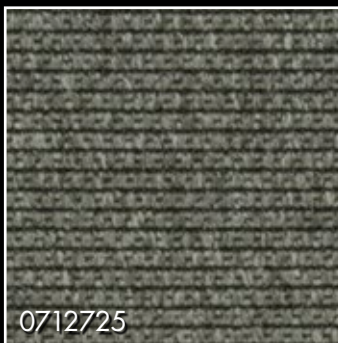

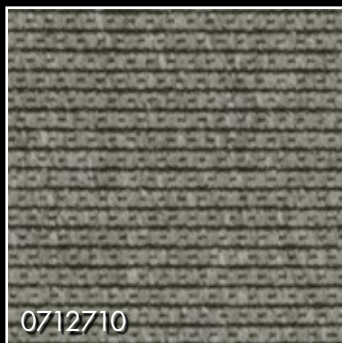

Tæpperne i Epoca Tech kollektionen er fladvævede og har en struktur, som skaber en unik, stilren og minimalistisk stemning i rummet.

Vælg mellem 14 moderigtige farver.
